## News Release

December 13, 2013

### Held Anniversary Party for Two Million Automatic Door Production

Nabtesco Corporation Accessibility Innovation Group held anniversary party for two million automatic doors operation manufactured at Tokyo on November 27th. As of August, 2013, it has reached two millionth production mark.

About 200 Nabco group members including our distributors, suppliers and global subsidiaries attended the party. All celebrated and shared joy of this big achievement and reaffirmed our commitment for further growth.

As ever, Nabtesco will retain an ethos of safety, comfort and a sense of security, and by attempting to take on the challenge of continuing to make attractive and highly reliable doors and openings, provide "Pedestrian Flow Solution", doors that are kind to people and the environment, thereby contributing to the progress of society.
